Subject: RE: Fee to Trust

Dear All,

I wanted to inform you as soon as possible about an item which has just appeared on the Board of Supervisor's Long Range Calendar. A departmental agenda item entitled "Chumash Dialog/Request for Response" has been calendared by Supervisor Carbajal for 20 minutes for the Board of Supervisor's meeting for Tuesday, July 2nd. Since this meeting is more than one month away, there is no staff report yet for this item and normally one is not released to the public until the Thursday prior to the hearing. So I do not know yet what parameters for discussion will be proposed by the First District for this "dialog" and "response". However, I am assuming that the "response" is to the Tribe's ongoing request to the County for a response to the "mitigation agreement" they submitted for the Camp 4 property quite some time ago and that the "dialog" part is to initiate an ongoing dialog between the County and the Tribe on various tribal issues including Camp 4. I also anticipate that if the Board is going to delve into this issue that there will be many public speakers so the item would last much longer than 20 minutes.

Once again, please feel free to pass this information on to anyone you think would be interested in this topic and in commenting on this item, either via email, or in person at that Board meeting. As this item has been placed on the agenda by the First District office and they have yet to release any additional information regarding it, please feel free to contact them directly at 568-2186 if you would like to set up a meeting, ask questions or submit comments.

Sincerely,

Doreen Farr
Third District County Supervisor
